DUDDO

"Return of the Nemesis"

Based on actual events

Autumn, 1974. A new school year had just begun, and I was all geared up for more of the same; pop quizzes, overhead projectors and library paste.

I had set about going through the motions, quite unaware that my life was about to be changed forever...

Or at least a little while, anyway.

Holy Cow!

Grand Prix jacket, very popular that fall *

The first thing I did was to have one of the lunch ladies change my newfound windfall into dimes... I guess I thought it was less conspicuous that way.

Then I slipped back into the crowd, undetected...

Later, the inevitable planning stage began...

Suddenly...

WHAP

Ow!
Hey!

That could only be...
but that's impossible...
Everyone said they
MOVED over the summer!
And he hasn't been to
school ALL WEEK!

Gnickering

I turned to behold what I dreaded the most.... the evil and sadistic DUANE KOHL... my arch-nemesis since Kindergarten.*

HIYA, Anderson!
I'm BACK...
didja MISS me?
